Education

International Institute of Information Technology, Hyderabad <i>M.Tech in Product Design and Management</i>	June 2027 Hyderabad
Anil Neerukonda Institute of Technology and Sciences <i>B.Tech in Computer Science and Data Science (CGPA: 8.98)</i>	April 2025 Visakhapatnam

Skills

Product & Strategy: Product Management, Product Strategy, GTM Analysis, Business Fundamentals, Design Thinking, User Research Methods, Market Analysis.
Product Tools: Figma, Notion.
Data & Analytics: Python, Pandas, NumPy, Data Visualization (Matplotlib, Seaborn).
Frameworks & Libraries: Flask, scikit-learn.
Databases: MySQL, MongoDB.
Developer Tools: Git, GitHub, VS Code, Jupyter Notebook.

Experience

Automatic Plant Health Monitoring System <i>Under the guidance of Dr. K.S. Deepthi</i>	Jun 2024 – Apr 2025 Visakhapatnam, India
- Developed a real-time IoT-based system for automated irrigation and fertilization using N, P, K, and soil moisture sensor data. - Implemented a feed-forward neural network (ReLU, Sigmoid) and integrated the system using HTML, CSS, and Flask for real-world deployment and validation.	

Projects

RecoverEASE – Digital Physiotherapy Product Strategy <i>PM101 Course Team Project (Team of 4)</i>	Aug 2024 – Sep 2024 PMF, GTM Analysis
- Co-designed a hybrid AI-human digital physiotherapy platform addressing high rehab dropout due to cost, access, and motivation barriers; defined target users, core value proposition, and key features. - Developed GTM and monetization strategy with tiered subscriptions and B2B partnerships; projected LTV:CAC is 3:1 and \$50–250M SOM potential.	
NoBroker – Product Market Fit (PMF) Analysis <i>PM101 Course Case Study</i>	Oct 2024 PMF Analysis
- Analyzed NoBroker's PMF by evaluating user pain points, growth trajectory, monetization evolution, and ecosystem expansion in India's real-estate market. - Proposed post-PMF growth strategies focusing on trust, retention loops, and Tier-2/3 market expansion.	
Maggi Brand Strategy – Market & GTM Analysis <i>Independent Product Case Study</i>	Nov 2024 Market Analysis, GTM
- Conducted market and consumer analysis using TAM-SAM-SOM and competitive benchmarking to identify growth opportunities among Gen Z and health-conscious users. - Proposed GTM enhancements including a Healthy Maggi line and influencer-led campaigns; estimated 10–15% user growth and \$100–200M incremental revenue.	

Achievements

- Secured All India Rank **1604** in **GATE 2025 – Data Science and Artificial Intelligence**.

Extracurricular

- Technical Lead, **Inventum 2K25** – Organized and coordinated the department technical fest at ANITS.
